

LOCAL TECHNICAL AMENDMENT

FLORIDA BUILDING CODE 2007 - RESIDENTIAL

AMEND EXISTING SECTION

R301.2.5 Structures adjacent to the seaward of a coastal construction line. Structures located on the Gulf Beaches in Pinellas County ~~seaward of the coastal construction line~~ shall be designed and constructed ~~to resist the predicted forces of a 100-year storm event~~ in accordance with Section 3109 of the *Florida Building Code 2007, Building, as amended*.

Local Conditions and Need: This amendment refers to Section 3109, Florida Building Code 2007 - Building, as amended by the Pinellas Gulf Beaches Coastal Construction Code.

Fiscal Impact Statement: There is no cost impact associated with this amendment as the Pinellas Gulf Beaches Coastal Construction Code has been in effect since December 10, 2001.

Effective Date: Effective date of Florida Building Code 2007 - Residential.
